

The ASVAB Career Exploration Program provides high-quality, **career exploration and planning materials at no cost** to high schools throughout the country. The Program encourages students to **explore a wide variety of careers**, rather than limiting their exploration by telling them what they can or should do. **Schools receive a comprehensive career development program** that meets the needs of today's students, based on current career development theory and practice.

What are the Main Components?

Multiple-Aptitude Test

The ASVAB test covers eight areas including science, word knowledge, mathematics, and mechanical comprehension. It assesses a student's ability to learn new skills and is a predictor of success in training and education programs.

Interest Inventory

The FYI is a 90-item interest inventory based on John Holland's widely accepted theory of career choice. When students

complete the FYI, they have three interest codes to use with the OCCU-Find for career exploration.

Career Exploration Tool

The OCCU-Find contains information about 400+ occupations sorted alphabetically, by interest code, and by career cluster providing students a variety of ways to identify occupations that will be satisfying. The online version links directly to O*NET and OOH job descriptions, and even the military career equivalents. Many

of the occupations in the OCCU-Find feature career videos highlighting a day-in-the-life glimpse at that occupation.

Holland (RIASEC) Codes

Program Features

- Career Clusters** The OCCU-Find links 400+ occupations to the 16 career clusters.
- Newsletters** Keep up with the ASVAB community and the topics relevant to students, counselors and parents.
- Games** Make career exploration fun at the ASVAB Game Arcade!
- Tutorials** Curious about the ASVAB Test scores, the FYI, or how to navigate the OCCU-Find? ASVAB Tutorials explain it all.
- MyASVAB Portfolio** This online feature gives students a place to catalog everything they're learning about themselves and careers.
- ASVAB Mobile** We've made it easy for teens using smartphones to access career information on the go!

Career Intentions of ASVAB Program Participants*

- 45% - 4-yr College
- 7% - 2-yr College
- 2% - Vo-Tech
- 18% - Military
- 3% - Work
- 25% - Undecided
